### **OLD BUSINESS:**

1. **JPA AMBULANCE CONTRACT – DISPATCHING SERVICES:** There was a meeting today with the Board of Supervisors regarding the budgeting and framework, i.e., adding BLS Units. The board was very favorable, will approve the entire JPA Budget. Proposing steps covering the ambulance operations including development. Will bring the proposal in this month which will dramatically change deployment. Took delivery on 3 more ambulances which are currently be readied for operations. Looking at purchasing 3 more ambulances.

Things are moving along. The ambulance variance budget was discussed by Chief Cunningham, will be over expended predominantly in Class 40; will probably be excused on those.

2. **POLICY 405a (Draft):** “Volunteer Firefighter Weekend Training Shifts”. Motion made by Bill Flynn to adopt Policy 405a. Motion seconded by Robert Larsen. Roll call vote as follows:

Bud Baker	Absent
Ed Cunha	Absent
Robert Larsen	Aye
Bill Flynn	Aye
Jackye Phillips	Aye

2 absentees and 3 Aye votes/CARRIED.

3. **FDAC HEALTH CARE:** Chief Cunningham stated he and the employees met with Lawson Hawks. This would represent a \$33,000.00 savings to the district; would require a MOU change, meet and confer. He stated this is an information item only.
4. **STRATEGIC PLANNING BRIEFING:** Chief Cunningham will be getting groups together to kick off projects, set objectives, etc. Feedback is needed. Jackie Phillips and her committee will possibly be doing a phone tree. They have received a good response on the campout.
5. **ENGINEER JOB DESCRIPTIONS:** Chief Cunningham requested the board members adopt the position description for Engineer I and II position. He stated he has not received any objections to the position description. Roll call vote as follows:

## **NEW BUSINESS:**

1. **OTHER POST EMPLOYMENT BENEFIT ACTUARIAL REPORT:** This item is requested as an accounting procedure under law. Addresses liability which accrues for health care benefits and retirees. Shows we have lost by not creating this investment. The number of retirees will grow. Discussed what they suggest as investing. Projections by 2017 will be \$305,766.00 per year. The actuarial paints a bleak picture. Page 9 table is the most helpful. We

need to look at keeping promises to retirees and current employees; cost containment; can we afford to offer this benefit to future employees. Chief Cunningham requesting instructions regarding funding this Retiree Health Benefits bill. He feels the JPA is seriously under funding this. We need to take our \$90,000.00 and combine it with Reserves and employee health benefits to pay what is due to get into the 7.5% category. This is only a recommendation at this time. \$425,000.00 required includes current employee benefits. Jackye stated the tax base will be going down due to reassessments downward. This will probably continue for the next 4 years. More discussion and involvement to take place.

Break 8:21 to 8:25 PM

2. **PRELIMINARY BUDGETS:** Chief Cunningham discussed the preliminary budget by video slides. 07/08 Class 30 down to the last \$14,000.00; Class 60 the last \$14,000.00; Class 60 \$71,000.00. Miscellaneous Revenue discussed. If general revenue comes in as predicted, should come as a flat, balanced budget. Discussed last years revenue stating that if all revenues received should not have to use much or any of the \$177,000.00, may even be able to put some money in the bank this year. Next years budget based on a real lean year. 13% revenue increase over last year is estimated, this is a fictitious revenue. Wages discussed as well as expenditures and revenues balancing out. There are 3 different budgets for the upcoming year: 1) Administrative Budget; 2) Operations and 3) Prevention. Contingency discussed, will carry over \$150,000.00. We currently have about \$1.3 million in the bank. Discussion held on salaries, health care, retirement, worker compensation reduction, 50% funding of a Battalion Chief for half a year only if we can sustain that position. Lean on assets. To finish the project at Station 46, Station 44 (project on hold), Station 49 kitchen, Station 47 grounds. Looking at utility vehicle replacement; fire hose, exercise equipment replacement; breathing systems; data management issues discussed as well as SCBA replacement project for the future, looking at grants to curb the cost. Chief Cunningham requested authorization of the preliminary budget of \$4,274,626.33; use of up to \$187,007.70 in undesignated revenues; and \$59,400.00 Development Fees. Motion made by Robert Larsen authorizing the preliminary budget as stated. Motion seconded by Bill
