Diamond Springs–El Dorado Fire Protection District

Firefighter EMT
$4,276.05 - $5,249.90 monthly

Firefighter Paramedic
$4,832.03 - $5,932.51 monthly

General Job Description

The Diamond Springs–El Dorado Fire Protection District is a tax supported governmental agency, which provides emergency and non-emergency services to the Community of the Diamond Springs-El Dorado Fire Protection District and other communities under local agreements and the California State Mutual Aid Plan. This work unit is responsible for tasks associated with fire suppression, hazardous condition mitigation, emergency rescue, and medical treatment and pre/post emergency activities. The work unit works 24-hour shifts or as needed for emergency or staffing call back.

Specific Duties

Working under the supervision of the Captain/Acting Captain and/or Supervisor this employee’s primary duty is to respond to emergency situations and perform tasks associated with fire suppression, hazardous condition mitigation, emergency rescue and medical treatment. When responding to such emergencies the employee shall don all required protective clothing and the employee may:

- Receive and implement directives from ranking employees
- Remove hoses, nozzles, ladders and other appropriate equipment from apparatus, connecting hoses to water supply and direct extinguishing agent as appropriate
- Drive and operate emergency apparatus and other equipment associated with fire suppression, hazardous condition mitigation, emergency rescue, medical treatment and district operations
- Operate tools associated with fire suppression, hazardous condition mitigation, emergency
• rescue, medical treatment and district operations
• Troubleshoot equipment, apparatus and make emergency repairs
• Carry ladders, erect ladders and climb ladders typically while carrying equipment
• Create openings in structures to allow access, egress or facilitate fire suppression
• Move, cover and otherwise protect personal property
• Walk or jog for extended distances carrying equipment and/or individuals
• Provide basic life support and assist with advanced life support for EMTs and perform advanced life support for Paramedics
• Provide continuous patient and situation assessment
• Prepare individuals for transport to a medical treatment facility and transport patients while either driving the ambulance or providing appropriate treatment
• Triage multiple injury emergencies and manage medical treatment for such emergencies
• Remove patients/victims from difficult to access locations
• Perform rescues that involve moving waters or stagnant bodies of water
• Gather and load equipment onto the vehicle for return to the facility

It should be noted that many of the tasks performed in this job require extended, strenuous physical exertion in dangerous conditions. The employee shall work as a member of a team, all of whose members are interdependent on other members of the team for their safety and for the successful accomplishment of the tasks. Due to the wide range of activities and conditions inherent in this job, the frequencies and duration’s of physical activities may vary significantly from day to day and employees may be required to perform other duties related to the districts mission statement.

Corollary Duties

When not responding to emergencies, the employees will perform a variety of tasks in and around district facilities and the community. The employee shall:

• Assist to complete the duties outlined in the work schedule
• Inspect, clean, test and service equipment
• Inventory and replenish fire apparatus supplies, medical supplies and station supplies
• Wash, clean, and perform routine maintenance on emergency apparatus and district vehicles
• Perform routine housekeeping, ground maintenance, inspections and minor repairs on district facilities
• Assist with station and district projects
• Develop recommendations and strategies as to the operation of the station, shift and projects to which they are assigned
• Develop and submit annual budget recommendations for the station, shift and projects to which they are assigned
• Make budget recommendations for the purchasing of equipment, facility needs and supplies for the station, shift and projects to which they are assigned
• Maintain, review for accuracy station, shift and project records and submit as required
• Organize, present and/or participate in field training exercises, self-study, self-improvement and classroom instruction
• Participate in self-directed physical conditioning activities
• Organize and/or participate in pre-emergency, post-emergency and public safety educational activities
• Complete both written and computer generated reports as required.
• Be encouraged to participate on teams or work on projects involving district operations, construction, supply organization, new apparatus design, research and report development

**Minimum Qualifications (EMT)**

• The employee shall be high school graduate or equivalent
• The employee shall be a minimum of 18 years of age
• The employee shall maintain a valid California Class C Driver’s License
• The employee shall maintain a valid Department of Motor Vehicle qualified medical exam
• The employee shall maintain a valid respiratory qualified medical exam
• The employee shall maintain a valid BLS/CPR card from American Heart or Red Cross Professional Level
• The employee shall maintain a valid State of California Emergency Medical Technician 1 certification
